How do I earn a bonus? To earn your bonus, you must open a 360 Money Market account and deposit at least \$20,000 no later than 06/30/2018. If you have, or have had, an open savings product with Capital One after January 1, 2016, then you won't be eligible for the bonus.

To earn a bonus your account must be funded with at least \$20,000 in the first 10 days of account opening (Initial Funding Period) from a non-Capital One account. The amount of your bonus will be determined as follows:

\$100 Bonus – You maintained a balance of \$20,000-\$39,999 for the first 90 days following the Initial Funding Period. \$200 Bonus – You maintained a balance of \$40,000-\$59,999 for the first 90 days following the Initial Funding Period. \$300 Bonus – You maintained a balance of \$60,000-\$79,999 for the first 90 days following the Initial Funding Period. \$400 Bonus – You maintained a balance of \$80,000-\$99,999 for the first 90 days following the Initial Funding Period. \$500 Bonus – You maintained a balance of \$100,000 or more for the first 90 days following the Initial Funding Period.

Your bonus will be based on the lowest amount maintained for 90 days. If your balance drops to a lower tier at any point during the 90-day period, you will earn the lower tier bonus. If you make additional deposits during the 90-day period to reach the next level tier, you will still only be eligible for the lower tiered balance.

This bonus offer cannot be combined with any other Capital One Bank or Capital One 360 new account opening offer and is strictly nontransferable. The offer is not valid for multiple accounts.

When will I actually get my bonus? If you qualify for a bonus, Capital One will deposit the bonus money into your account in approximately 60 days following the 90-day balance maintenance period. Once it's deposited, the funds will be available immediately. Account must be in good standing (not in default, closed, or suspended, or otherwise not in good standing).

360 Money Market account: Advertised rates are variable and effective as of 5/4/2018. The 1.60% Annual Percentage Yield (APY) applies to the entire account balance for accounts with balances of \$10,000 or more; a 0.85% APY applies to the entire account balance for accounts with balances less than \$10,000. 360 Money Market accounts do not have debit cards or check writing capabilities. Money Market accounts are subject to statement cycle transaction limits. We use the daily collected balance method to calculate interest on the account. This method applies a daily periodic rate to the principal in the account each day. There is no monthly cycle service charge for this account, and no minimum balance requirement to open or maintain the account.
