For qualified applicants, Santander will waive the \$30 monthly maintenance fee for the first four months from enrollment. Other fees may apply. Should the service be terminated before a full calendar year from enrollment is up, you will be charged a \$300 cancellation fee.

¹Avoid monthly account maintenance fees on Santander business checking accounts by maintaining the required average daily ledger balance in the account itself or the required combined daily average ledger balance in additional business checking accounts, money market savings, and savings accounts owned by the same primary owner (excludes Commercial Money Market Savings accounts). Only balances in these combined same-owner business deposit accounts can be considered when calculating the combined balance or completing any indicated activities required for fee waiver during the statement period. Account Analysis service fees are charged to your account in the current month for the prior calendar month's activity and include but are not limited to fees for advanced payments and receivables services, some business online banking services, excess account activity, and cash/coin processing. The period that your Account Analysis statement represents may differ from your account statement period.

²Basic transactions for Business Checking and Business Checking Plus include checks paid, teller deposits, ATM deposits, deposited items, ACH items (electronic debits and credits not originated by customer), Santander Check Deposit Link ("CDL") batch deposits, CDL items processed, and CDL ACH converted transactions. Santander Merchant Services (credit and debit card payment processing), Santander Payroll & HR Services ACH debit items are not included.

³Next-business-day funds availability on most payments processed through Santander Merchant Services. Refer to your merchant services contract and Business Deposit Account Agreement for details, including applicable costs and procedures.

⁴The \$600 savings per year comes in the form of waived \$50 monthly maintenance fees when you have at least one Santander Merchant Services account payment deposited into your Santander Business Checking Plus account each month for the full year.
