

Who needs another bank in Media? With an offer this good, you do.

We're new to the neighborhood and though we're clearly not the first bank in town, we're very excited to be here. You can find us down the street, next to the Media Theatre.

We're not like all the traditional banks, which means we can keep our fees low and our deposit rates high. We're all about giving our customers financial tools that make banking (and life) easier. We're a small bank, which means you won't get shuffled from department to department. You'll talk directly to people with the power to get things done. You may not have heard of us before, but we think the more you know about us, the more you'll agree that we're a bank worth knowing.

Let's talk about that offer...

For a limited time, we're offering up to \$75* when you open a savings or money market with us. That's on top of our great savings rates, which are five times the state average.**

Here's the deal:

- Open a **savings account** (or a **money market account**, if that's more your style)
- Set up an automatic deposit of at least \$25 month
- We'll give you \$10 a month for six months
- Make a mobile deposit with our app and we'll add \$15
- A total of \$75 for you!

Ready to earn \$75? Stop by to open an account.

Or we know you're busy... schedule a time below to come in, and we'll be waiting for you.
