Caleb Randol Positive Problem Solver Meet Caleb Randol -- if you've ever called into our call center chances are you've talked to him. Most of the two years he's been here with Vibrant have been on the phones. He's held numerous titles -- a Teller, a Remote Delivery Service Agent, Remote Delivery Service Supervisor and was recently promoted to Remote Delivery Service Manager. He's constantly troubleshooting and solving problems for our members and team. Caleb does it all with a smile because he's basically the most positive person ever. He is always trying to help everybody around him and brighten their day. He loves problem solving situations and helping his team go beyond their potential. According to Caleb, "Life is too adventurous for a frown". We agree! Caleb is always trying to help others, not just at work but everywhere. He is extremely passionate about helping children from around the world get medical attention, good food, and to hear daily that they matter. His hope is to create an organization that creates self-sustaining orphanages with a clinic and top-notch school. Caleb's hobbies include spending time with his family, writing songs, singing and being the best dad he can be. He's pretty talented! Caleb has written lullabies for his son, a baby announcement and even produced songs that were recorded live for publication. Isn't that awesome?
