

QUICKSAVESM... YOUR OFFICIAL SAVINGS PARTNER

Saving for the future is an important goal but we know it's not easy...especially when you go at it alone. But what if you had a partner to help you, to make it easier to save? Well, now you do with QuickSaveSM from Bank of Arizona.

With QuickSaveSM, you automatically put something into your savings when you use your Debit Card or pay a bill with Online BillPay. Plus, we will match a portion of those savings...up to \$250 a year. Just tell us the amount you want to transfer to your savings account with each transaction and we'll do the rest. Just stop by one of our convenient banking centers or call an ExpressBanker to get started today!

Next 9 Months (5% match)	\$5.63
Year 1 Match	\$43.13
TOTAL PROJECTED YEAR 1 SAVINGS	\$193.13

How QuickSaveSM Works	What You Need To Get Started	FAQs
--	--	----------------------

To enroll, tell us how much you want to save with each Debit Card and Online BillPay transaction -- \$0.25 or \$0.50. We'll link your checking account to a savings or money market account.

Each night, we'll take the number of Debit Card and Online BillPay transactions, multiply the total by your QuickSaveSM amount, \$0.50 or \$0.25, and then transfer that amount to your savings or money market account in one transfer. Each year, we'll automatically transfer our match amount within 6-8 weeks after the anniversary date of your account. After you've enrolled, logon to Online Banking to see the transfer activity in both your checking account and savings account.
