¹ Bonuses only apply when opening a new checking account during the promotional bonus period. The promotional bonus period is 10/1/2016-12/31/2016. If the account is closed by the customer within 90 calendar days after opening we will deduct bonuses received at closing. Closing the account will negate any unearned bonuses. A \$25 account closing fee may also apply. Each bonus item is eligible for a maximum of one payment. All bonus dollars will be paid to the newly opened checking account. If multiple checking accounts are opened during the promotional bonus period under the same primary owner name, the bonuses will be paid to the account that was opened first. An IRS 1099 form may be issued. ² Register for eStatements by March 31, 2017 to receive a \$65.00 bonus. The bonus will be paid within five (5) business days after you enroll in eStatements. Existing customers currently enrolled in eStatements will not qualify for the eStatement bonus. ³ Have a minimum of 45 debit card purchases post to your new checking account within 90 calendar days to receive a \$135.00 bonus. The bonus will be paid within five (5) business days after your 45th debit transaction posts. ⁴ Have a minimum of three (3) direct deposits post to your new checking account within 90 calendar days of account opening to receive a \$150.00 bonus. The bonus will be paid within five (5) business days after your third direct deposit posts. If multiple checking accounts are opened during the promotional bonus period under the same primary owner name during the promotional bonus period the direct deposit and debit card transaction requirements can occur on any of the new checking accounts. ⁵ Open a qualifying savings account within the promotional bonus period and maintain a \$5000 average balance for 90 calendar days from the open date of the savings account to receive a \$150.00 bonus. Qualifying savings accounts under the same primary owner name, where available, include Regular Statement Savings, Passbook Savings, or High Yield Savings. The bonus will be paid to the checking account within five (5) business days after the savings account has been opened for 90 calendar days.
