

Start using direct deposit. We'll give you \$100.*

Easy meets money October 1-31, 2016

Get your money faster, with direct deposit of your payroll, retirement, or other income. Do it during October 2016 and STCU will deposit \$100 into your account!*

4 easy steps to direct deposit:

1. Ask your employer if a direct deposit form is required. If not, simply provide the following to the boss...
2. STCU's routing number: **325182700**.
3. Your 10-digit STCU checking, money market, or saving account number. (Note: Do not attempt to use your credit union member number, as this could delay deposit of your paycheck.)
4. Return the completed direct deposit form, if required, to your employer.

Simplify your life today by setting up direct deposit of your regular paycheck or other income to your STCU checking, money market, or savings account. If you receive Social Security income, you can go to fiscal.treasury.gov/GoDirect to switch your electronic payments to your STCU account.

*Notify STCU when you qualify

To qualify for the \$100 bonus, please sign up for STCU direct deposit October 1-31, 2016. There's no minimum checking account balance required to earn your \$100 bonus. The bonus will be deposited to your account after your direct deposit of \$250 or more has posted for two consecutive months. Please notify STCU when you have met the qualifications, and we will deposit \$100 into your STCU account within 10 days.

Frequently asked questions

Q: What is a routing number?

A: The routing number identifies STCU for direct deposit, tax refunds, and other electronic transactions you have requested. The STCU routing number is 325182700.

Q: What is my 10-digit checking account number?

A: All account numbers are different. To locate your 10-digit checking account number, log into online banking and look on the "Dashboard" or "Account history" page for the 10-digit number assigned to your account. Checking or money market accounts begin with a "2;" saving account numbers begin with a "1."

Q: What happens if I use my member number when setting up direct deposit?

A: Direct deposit will fail and your paycheck will be delayed if you or your employer attempt to use your STCU member number for direct deposit. Be careful to always use your 10-digit STCU checking, money market, or saving account number when setting up direct deposit.

Need help with direct deposit?

For additional assistance, feel free to call or chat with an STCU member service representative during regular weekday business hours at (800) 858-3750 or visit any of our branch locations.
