Member Referral Program

Do you love the NIHFCU?

If so, now's the time to spread the great word about NIHFCU membership!

Not only can you help your eligible family members, friends or colleagues save time and money as they work towards their financial goals, **you will both receive a special \$25 thank you bonus from the NIHFCU.**

Here's how it works.

- [Confirm the eligibility](#) of the family member, friend or colleague you would like to refer.
- Fill out the top half of the referral form and provide to each eligible person you are referring (age 18 or older).
 - [Click here](#) to download and print referral form
 - Visit any branch
- Your referral will need to fill out the bottom half of the form and present it at any branch during account opening or enclose with mailed-in application.
- Once the new membership is open for your referred members (age 18 or older), you will both receive a \$25 deposit into your respective NIHFCU share accounts.

There is no limit to how many \$25 bonuses you can earn so let the referring begin!

Terms and Conditions

To be eligible for \$25 bonus, referring (existing) member and the referred (new) member must be age 18 or older. Referring member must be a current NIHFCU member and required information must be provided at the time of application. New member must meet eligibility requirements for membership. Retroactive referrals will not be eligible. Incentive is for brand new members only. Excluded from offer are joint or custodial memberships as well as trust or business accounts. Each person can only be referred as new member once –even if he/she opens multiple memberships. Limit is 1 \$25 bonus per new member. A prospective member cannot refer themselves. NIHFCU reserves right to recoup the new member's \$25 bonus if account is closed within 180 days. The incentive will be a taxable dividend on the 1099 form. Offer available for referrals made September 19, 2016 or later. Offer is subject to change or cancellation at any time and cannot be combined with any other offer.
