match it, as long as we've got a similar offering!

Found a great offer you want to redeem with ACU? Here's how to take advantage:

1. Bring us a copy of the offer you've found/received from another institution
2. We'll attempt to turn their offer into a customized ACU offer, replacing their requirements with ours.
3. Open a new ACU checking account.
4. Meet the requirements stated on your customized offer.
5. Receive your CASH reward!

* New checking accounts only. May not be combined with any other checking promotions. An application is required on all ACU checking accounts and not all applicants will be approved. ACU will attempt to match any one-time cash bonus offers that are available to the general public or that have been targeted specifically to the applying individual. ACU may refuse to match any offer if it does not have a similar product offering as the competing institution (for instance, if an offer is made that requires a student loan, ACU may not be able to match the offer). Non-cash incentives such as rate discounts, rate premiums, rewards points, or merchandise will not be matched. In order to receive cash award promised by the competing institution, you must first present documentation of the offer terms and conditions to an ACU account representative. If your offer is approved for matching, ACU will present updated terms & conditions for you to sign and accept within 2 business days. Business checking is excluded. Offer may be continued at any time. Maximum cash reward under this program is \$500.00 per member.
