WEBSTER COMPLETE BUSINESS CHECKING. Minimum opening deposit of \$500 is required. The \$21.95 monthly service charge can be waived by maintaining a monthly average balance of at least \$7,500 in up to 3 linked Webster Complete Business Checking accounts (the "relationship package"). You may create a relationship package of up to 3 Webster Complete Business Checking accounts. The aggregated monthly average balance of these accounts (the "relationship package") will be calculated to determine if the account designated as the Primary is entitled to a service charge waiver based on maintaining the monthly average balance required to avoid the monthly service charge for that statement period. Secondary linked accounts will always be free of the monthly service charge, provided a primary account is present. Authorized signers on any of the accounts are entitled to determine which accounts are included in the relationship package provided that they are a signer on each of the accounts they designate.

Accounts can be added or removed at the sole discretion of the signers on the individual accounts in the relationship package. If you remove or close the Primary account in the relationship, it will result in dissolving the relationship package and subject each account to the monthly average balance requirement to waive the monthly service charge. In addition, removal of one of the secondary accounts from the relationship, by a signer, may result in the Primary account being subject to a service charge without notice to all other signers, should the monthly aggregated balances fall below the balance to waive threshold. Other miscellaneous fees may apply. Webster Complete Business Checking ATM. With Webster Complete Business Checking, Webster will not charge any fees for checking withdrawals at non-Webster ATMs, and if you are charged a fee by another bank for checking withdrawals at its ATM, we will rebate the fee.
