Bonus Eligibility 

Bonus Values 

GoalTrack Savings is a program that can be added to any eligible savings account to help and encourage you to save towards whatever is important to you—a new car, a vacation, or just to save for a rainy day.

Easily added through Online Banking, GoalTrack Savings offers features that make saving simple. Automatic transfers make contributing to your savings easy, while the account tracking page lets you review your activity, follow your progress, and check out potential bonuses. And it's all to help you get to your savings goal.

Enroll online, and if needed, set up a new savings account. You will need a savings account for each GoalTrack Savings goal you establish. If you would like assistance enrolling or to speak with someone about your savings needs, please call us or visit your local branch.
