\*This offer is limited to one per household and is not available to existing Reliant Bank checking customers. To receive bonus, you must open your account at a Reliant Bank branch and present a copy of this offer certificate. To qualify for the bonus, you must have an opening deposit of at least \$500 (dollars must be new money, i.e. funds not previously on deposit at Reliant in the last six months), at least one qualifying direct deposit<sup>1</sup> posted to your account, and 10 settled debit card transactions (not including ATM transactions) on the first full statement cycle. You must also maintain a positive account balance for 90 days. If you meet the stated requirements of this promotional offer, the bonus will be deposited to your account on the first business day after the account has been open for 90 days and will be reported as income on Form 1099-INT. This offer is subject to change without notice and may be withdrawn at any time. Accounts are subject to approval.

<sup>1</sup>A qualifying direct deposit is an electronic credit to your account of your salary, pension, Social Security or other regular monthly income deposited to your account by your employer or an outside agency. Transfers from one account to another or deposits made at a banking location or ATM do not qualify as a direct deposit.

†The rate is calculated based on 2.00% annual percentage yield (APY) fixed for the first year, then variable based on current rates. The minimum opening balance is \$5,000 (dollars must be new money, i.e. funds not previously on deposit at Reliant in the last six months). If the daily balance falls below \$5,000 during the month, the promotional rate is not credited, the rate converts to Reliant's current consumer money market account, and a \$10 monthly service charge is incurred. Customers receive six free withdrawals per month. For each debit over six, a \$10 excessive activity charge is applicable. Interest earnings are compounded and credited monthly. To earn the promotional rate, the customer is required to open a NEW checking account. If the checking account has a zero balance or is closed at any time during the first year the special rate is forfeited. Fees could reduce earnings. This offer is subject to change without notice and may be withdrawn at any time. Accounts are subject to approval. The " CONSUMER MONEY MARKET" rates are stated below (accurate as of 09/13/18).
