REFERRAL PROGRAM

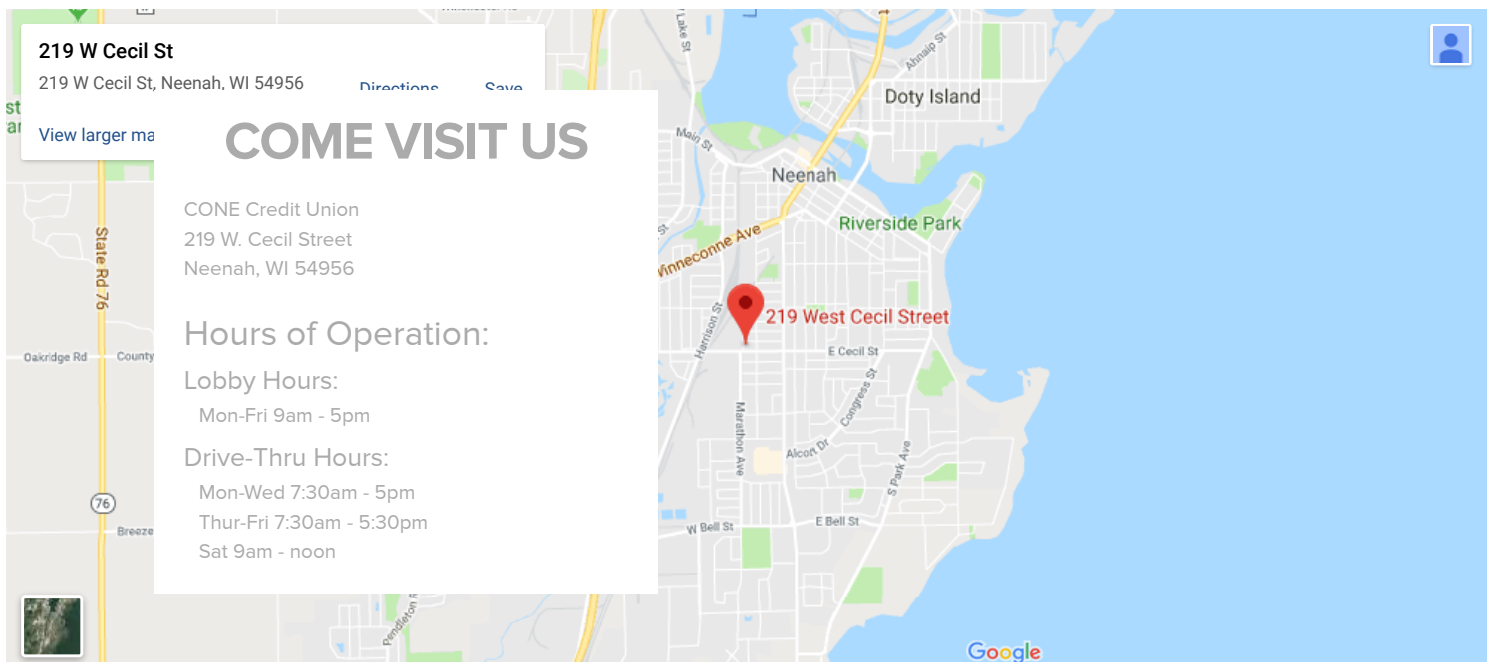

Millions of Americans are already members of credit unions. They found the mission is beyond the money. It is about caring about the members, offering them the best rates, fewer or no service fees and giving back to the community.

Be a part of the credit union difference. If you are a member, tell a friend. We will give you EACH \$25!* If you are not yet a member, come see what it's like.

* Membership eligibility required. \$25 will be deposited into each member's share account at the time of new member account opening.
