Generation Now Accounts

At MassMutual Federal Credit Union, we are proud to offer products and services to promote savings and money management to our younger members.

April is Credit Union Youth Month and this year's theme is *The Future is Yours*. Our challenge to all the kids this year is to picture it, save for it, and share it! Nothing helps you save more than through accountability. Help share your kids goals by posting a picture on Instagram of what they want to save for; tag @mmfcu and #thefutureisyours. We'll add \$25 to their Generation Now account to help get to their goal. Don't have a Generation Now account? Open one today so we can help you save!

If you are interested in any of these offerings, you'll need to complete the **[Generation Now Account Opt-in Form](/home/fiFiles/static/documents/OptInForm.pdf)** (/home/fiFiles/static/documents/OptInForm.pdf).
